Kobo Products Inc. - REACH Statement

Kobo Products Inc., and affiliates, Kobo Products SAS and Kobo Brasil Ltda.(collectively referred to as “Kobo Products”) hereby confirm to the best of our knowledge that all products we currently sell are in compliance with the Regulation (EC) No. 1907/2006 also known as REACH. This means that all substances, including monomers with respect to polymers, have either been registered, pre-registered or are exempted from obligation under this regulation.

We will register the substances that are due for registration May 31, 2018 or work with our suppliers to make sure the substances are compliant by this date. If a substance cannot be made compliant, we will inform our customer no later than November 30, 2017.

In order for you, the customer, to obtain coverage with Kobo Products it is imperative that you provide us with the annual quantities of Kobo’s ingredients included in your finished products that were imported to the EU for the three years ended December 31, 2016. The background for this is contained in REACH Article 8(2) of Regulation (EC) No. 1907/2006. Please contact us directly at Reachit@KoboProductsInc.com to obtain the form to fill out for your EU imports.

Kobo Products further confirms that with the exception of our products containing chromium hydroxide green, the products we currently market and sell do not contain substances listed in the Candidate List of Substances of Very High Concern (SVHC) published in accordance with Article 59(10) of the REACH Regulation. The pigment, chromium hydroxide green (CAS 12001-99-9) does contain an impurity of diboron trioxide (CAS 1303-86-2), (EC 215-125-8) which is listed as a candidate SVHC.

The information being provided in this statement does not imply a legally binding assurance the ingredients we sell conform to certain properties. This statement is provided in good faith, and does not constitute a warranty by Kobo Products.
