4.00	Cetiol® SB 45	Shea Butter	BASF
2.50	Candelila Wax SP-75	Candelilla Cera	Strahl & Pitch
Part 3			
3.00	MSS-500/3H	Silica	Kobo Products
Part 4			
1.00	Lexgard® Natural	Glyceryl Caprylate (And) Glyceryl Undecylenate	Inolex
100.00			

Description:

This buildable, natural eyebrow pomade stays put for a groomed brow look. Apply this pomade with an angled eyebrow brush to outline and fill in sparse brows. Kobo's NOE treated pigments are used to create the dark brown shade to impart color and coverage to the brows. CO15M5, a fumed silica gellant in Castor Oil, adds body to the formulation, aids with wear and adds moisturizing and conditioning properties. SunBoost ATB Natural provides skin and hair conditioning properties. MSS-500/3H, a high oil-absorbing silica microsphere, ensures the product does not feel greasy or slip around throughout wear, and improves payoff, spreadability and application.

Manufacturing Procedure:

1. Combine ingredients in Part 1 under homogenizer and mix until uniform and color is fully developed.
2. Move to propeller mixer and start heating batch to 85°C.
3. Add Part 2 to Part 1 when batch reaches 85°C and continue mixing.
4. Once waxes are fully melted, slowly sprinkle Part 3 to batch.
5. Add Part 4 when Part 3 is fully dispersed within the batch and continue mixing until homogeneous.
6. Pour into components at 80°C.

FORMULATIONS

Product formulations are included as illustrative examples only. Kobo Products Inc. makes no representation or warranty concerning the efficacy or safety of any product manufactured using such formulations. All statements concerning the possible use of Kobo Products Inc. are for research purposes only. Responsibility for the performance or adequate testing of any product prior to sale or use of any such product lies with the manufacturer thereof.

USE OF PRODUCTS

Products sold by Kobo are designed, manufactured and sold for industrial use only. Prior to use of any such product for any application other than an industrial use, the user has the sole responsibility and obligation to determine the suitability of any such product for any such application.

PATENT STATUS

Nothing contained herein shall be construed to imply the nonexistence of any relevant patents or to constitute a permission, inducement or recommendation to practice any invention covered by any patent, without authority from the owner of the patent.

LIMITATION OF LIABILITY

Kobo Products Inc. shall in no event, whether the claim is based on warranty, contract, tort, strict liability, negligence or otherwise, be liable for incidental or consequential damages, or for any other damages in excess of the amount of the purchase price.
