	0.40	Liquid Germall® Plus	Diazolidinyl Urea (And) Iodo Propynyl Butyl Carbamate	ISP

100

Manufacturing Procedure

1. Mix Part 1 in the order listed until homogeneous and smooth and heat to 80°C.
2. Heat and stir Part 2 to 80°C.
3. Add Part 1 to Part 2 slowly with homogenization.
4. Cool to 40°C and add ingredients listed under Part 3, in the order listed. Mix well after each addition.

Description

This sunscreen is an elegant W/O emulsion with great SPF and transparency. Kobo's Zinc Oxide Dispersion, TNP50ZSI, spreads easily and is transparent. CL-2080 adds a creamy feel and a matte appearance on the skin.

Notes

Active Ingredient(s)
Zinc Oxide 14.10%

SPF testing: in vivo on 3 subjects

Formulations

Product formulations are included as illustrative examples only. Kobo Products Inc. makes no representation or warranty concerning the efficacy or safety of any product manufactured using such formulations. All statements concerning the possible use of Kobo Products Inc. are for research purposes only. Responsibility for the performance or adequate testing of any product prior to sale or use of any such product lies with the manufacturer thereof.

Use of Products

Products sold by Kobo are designed, manufactured and sold for industrial use only. Prior to use of any such product for any application other than an industrial use, the user has the sole responsibility and obligation to determine the suitability of any such product for any such application.

Patent Status

Nothing contained herein shall be construed to imply the nonexistence of any relevant patents or to constitute a permission, inducement or recommendation to practice any invention covered by any patent, without authority from the owner of the patent.

Limitation of Liability

Kobo Products Inc. shall in no event, whether the claim is based on warranty, contract, tort, strict liability, negligence or otherwise, be liable for incidental or consequential damages, or for any other damages in excess of the amount of the purchase price.
