## Description:

This longwear concealer looks flawless and natural on the skin with buildable coverage. KOBOGUARD® HRPC offers water resistance and non-transferable long wear. Plandool™-H is the primary emollient and moisture-protecting agent. Plandool™-LG1 is a high melt point wax that forms lamellar bi-layers. SunBoost ATB Natural contains a proprietary ratio of anti-oxidant, anti-irritant, and anti-inflammatory agents, leaving a moisturized feel to the skin. JOH Dispersions provide the shade to the formula. SILICA SHELLS acts as an aid in absorbing excess sebum from the skin. MSS-500W improves skin feel and also offers soft focus effect.

## Manufacturing Procedure:

1. Propeller mix Part 1 and heat to 85°C. Continue mixing until homogeneous.
2. Homogenize Part 2 until smooth and color is fully developed then add to Part 1. Continue mixing until uniform.
3. Slowly add Part 3 to Parts 1 and 2. Continue mixing for 15 minutes.
4. Add Part 4. Pour into components at 50°C.
