## Description:

This bouncy eye shadow features Kobo's TTB treatment along with KTZ® and KOBOPEARL® PERPETUAL pigments. The TTB treatment is highly compatible with silicone and helps the formula glide onto the skin and adhere for extended wear. BN18-I2 is added to the formula for superior softness and tactility, offering superb spreadability, excellent adherence and sheen. KTZ® and KOBOPEARL® PERPETUAL pigments offer a lustrous shine and enhance the formula with pearlescent effect. KOBOGUARD® 5400 IDD forms a water-resistant film to provide long wear to this formula.

## Manufacturing Procedure:

1. Combine Part 2 into Part 1 (Main Beaker) with use of sweep agitation on low.
2. Slowly add Part 3 to Main Beaker and continue to mix with sweep agitation.
3. Add Part 4 to batch and mix until uniform. Add Parts 5, 6, and 7. Mix until uniform.
4. Syringe into components.
