Description:

One stroke of this eye defining shadow showcases this formula's smooth laydown and luxurious color effect. SERICITE GMS-4C is a creamy Mica that helps the formula glide onto the lid and offers a subtle sheen. CARESS® BN18 gives the formula a luxurious, velvety texture with a long-lasting effect. CL-2080 gives the formula a superb creamy texture. Addressing good compressibility for this powder, ZINC MYRISTATE (MB), is used as a dry binder and texture enhancer. KTZ® ARUBAN CORAL gives this eye shadow the unique pearlized effect.
